

29 October 2018

TO: ALL LOCAL UNION PRESIDENTS - ONTARIO

UFCW Canada Local 333 represents a considerable number of members who are employed at G4S Security. G4S Security has reached out to Local 333 for assistance. This employer has a need to hire up to 500 new security guards and has asked Local 333 and UFCW Canada to communicate this opportunity to other UFCW members in Ontario.

G4S Security will pay for security guard training (which is upwards of \$700) and the cost of licensing for any UFCW member, or family member in the greater Toronto area who is 18 years of age or older and qualifies to be a security guard.

Individuals that are hired as security guards will be paid as per the collective agreement, varying from \$14 - \$25/hr depending on site and qualifications, will have health and welfare benefits, paid sick days and will be members of UFCW Canada Local 333.

In a time where job security and jobs in general may be difficult to come by, this is an opportunity in the GTA for individuals who may be interested in a career as a security guard. Please spread this information to your membership.

If you are interested in applying please send an email with your cover letter and resume to: michael.houlden@ca.g4s.com or natasha.virani@ca.g4s.com. Please ensure you state in the email that you were referred by UFCW 333 so that you will receive the offer for the free security guard license."

Thank you in advance in spreading this important information.

In solidarity,

Paul R. Meinema
National President
